Summary

Motivated and eager full-stack developer with hands-on experience in building web applications using React, JavaScript, and modern web technologies. Passionate about writing clean, efficient code and creating responsive, user-friendly applications. Continuously learning and adapting to new technologies in the development field. Actively seeking opportunities to contribute and grow as a developer in a dynamic team.

Technical Skills

Markup and Styling Languages: HTML, CSS

Programming Languages: JavaScript

Version Control: Git, GitHub

Technologies and Frameworks: React.js, Node.js, Express.js, Socket.IO

Databases: MongoDB

Developer Tools: VS Code

Experience

Luminar Techno Lab

August 2024 – Present

MEARN Stack Intern

Kochi, Kerala

- Developed full-stack web applications with React, Node.js, and MongoDB.
- Gained hands-on experience in HTML, CSS, Tailwind CSS, JavaScript, Figma, and React.js to create responsive, user-friendly interfaces.

Immco Software Solutions

May 2022 – January 2025

Telecom Engineer

Kochi, Kerala

- Specialized in designing, analyzing, and modifying telecom networks, including FTTH and FTTP projects.
- Proficient in tools like Magellan, Bentley, AutoCAD, MS Office, and QGIS for network planning and project management.

Nokia Solutions and Networks

Nov 2021 – May 2022

Machine Operator

Chennai, Tamil Nadu

- Worked in the telecommunications sector, contributing to operational efficiency and process improvements.

Projects

ProjPortal | *MongoDB, Express.js, React.js, Node.js (MERN)*

- Developed a full-stack project management tool with user authentication and project tracking.
- Implemented secure user registration with email and password authentication.
- Built an intuitive interface for users to create, view, and manage projects seamlessly.

ChatApp | *React, Socket.IO*

- Created a real-time multi-user chat application with instant messaging functionality.
- Integrated Socket.IO for bidirectional, event-driven communication between clients and server.
- Designed a dynamic and responsive UI with React to enhance user interaction.

E-Card Shopping Site | *HTML, Tailwind CSS, React, Axios*

- Developed an e-commerce shopping site with a fully responsive design using Tailwind CSS.
- Integrated React for dynamic product display and state management.
- Used Axios to make API calls to JSONPlaceholder to fetch product data.

Media Player App | *React, React-Bootstrap*

- Developed a media player app enabling users to play audio and video files.
- Features include play, pause, seek, and volume control, with an intuitive, responsive interface for various devices.

Education

Indira Gandhi National Open University

Jun 2022 – Present

Bachelor of Computer Applications

Kerala

Government Polytechnic College, Department of Technical Education

Jun 2019 – Mar 2021

Diploma in Computer Hardware Engineering

Palakkad, Kerala

Awards

Best Employer of the Month

January 2023

Immco Software Solutions

Kochi, Kerala

- Awarded for exceptional performance and contributions to the team's success.
